Web Developer profile

I am a team orientated front-end developer with 5+ years' experience in sociology and public policy. I've played football at a high level competitively for over 15+ years and carry my admiration for team environments into tech. Utilizing my soft skills and attention to detail, I have a passion for bringing ideas to life through smooth, accessible, and responsive web apps.

Work Experience

Stepping Stone Guelph | Sept 2019 – June 2022

Housing Focused Outreach & Support Worker

- ~ Effectively connected 40+ individuals with shelter system, through assessing needs, advocating, identifying, and facilitating referrals to social, medial and substance abuse resources; resulting in a client increase towards Guelph's long term housing stability program.
- ~ Actively engaged in the execution for clients' case planning such as crisis intervention and facilitating obtaining affordable housing resulting in 2 promotions within a 12-month period.

Wyndham House | Feb 2018 – Sept 2019

Program Housing Staff

- ~ Assessed, screened, and supported over 30 vulnerable youth through effective knowledge of the Homelessness Individuals & Families Informational System during 2018
